Letter No. 4159-60/E. dated: 11-12-1946 from the Chief Engineer for Irrigation.

Requests sanction to the P.W. Subordinate at Mudigere being permitted to supervise the works to be carried out by the Town Municipal Council of Mudigere and to receive a remuneration of 2½ % of the amount on Work bill

The Town Municipal Council of Mudigere at their meeting held on 10-10-1946 have resolved that the ~~work~~ supervision of the works of the Municipality may be entrusted to the P.W. Subordinate at Mudigere and to pay him a remuneration of 2½ % of the amount on work bills. The S.E. and the C.E. both state that the work could be done by the subordinate without prejudice to his Govt. duties.

The P.W. Subordinate is expected to supervise not one single work but to supervise, check measure and prepare bills for all the works to be carried out by the Municipality. As such it is not clear as to how he could attend to these works without ~~prejudice to Govt. duties~~. The Municipal Works may however;

require the attention of a whole time Subordinate

The proposal of the CE is for orders

B 28/12/46 It is not right to entrust the Municipal works to a local PW Subordinate and allow him to get the remuneration all through the year once a way, one can be permitted to attend to such a part time work for a time being and have the allowance 2/3rd of In the present case, it would be burdensome to payment of double the salary to the individual, not to speak of the inconvenience that would be caused to the legitimate departmental works. Perhaps there is no suitable time work for a PW Dec 23/12/46 Subordinate in the locality

ie P.W.D Subordinates in small municipalities are generally the ex-officio members of the municipality and they generally render all possible help to the municipalities without taking any remuneration. The works in municipalities like that of Nuwara would not require more than a day's work in a week of the Subordinate. Nuwara thus would not interfere with the proper work. The proposal of the Chief Engineer may be provisionally approved and a report called for at the end of one year. Seen) BL 6/1/47.

The chief Engineer forwards for sanction the proposal of Town ~~municipality~~ Municipality Municipal Council, Mandapam to allow the local P.W.D Subordinate, to supervise the Works of the municipality and to pay him remuneration of 2½% on the amount of bills. The P.W.D. Subordinate in a Taluk is also an ex-officio member of the Municipality. The intentions of Government, in making him ex-officio is to exercise technical control and give technical advice in the matter. And as such this not understood how an additional remuneration is recommended. Hence The Technical officers, situated in any place are always expected to give their technical advice on all matters, though they may have no Connection with the pecuniary question. ~~So~~ As the P.W.D Subordinate is an ex-officio ~~Subordinate~~ member of the municipality ~~transaction~~, the grant of a remuneration ~~for this~~ as recommended by the Chief Engineer as per resolution of the Municipal Council; is not legitimate one. and hence it can not be sanctioned. The Chief Engineer will be intimated to direct the P.W.D Subordinate to be an ex-officio members to render all help ~~that~~ to the Council without any remuneration.
